B. [ID 16-343](#) Public Hearing of the Village Board Regarding an Application for an Amendment to the Planned Development Approved Pursuant to Ordinance Number 16-028 to Allow an Increase of the Approved Height Allowance of 135 feet to 140 feet for the Building to be Located at 325-331 North Harlem Avenue and 100-107 South Maple Avneue

Village President Abu-Taleb called to order the Public Hearing of the Village Board Regarding an Application for an Amendment to the Planned Development Approved

Pursuant to Ordinance Number 16-028 to Allow an Increase of the Approved Height Allowance of 135 feet to 140 feet for the Building to be Located at 325-331 North Harlem Avenue and 100-107 South Maple Avenue. Notice of the Public Hearing was published as required by law in the Wednesday Journal on November 16, 2016.

Village Manager Pavlicek stated that the Planned Development was approved by the Village Board under Ordinance Number 16-028 on May 16, 2016. Typically, this would be referred to the Plan Commission but due to the height variance of 2 feet, 6 inches staff feels that Board assessment is needed. The Board also has the option to refer it to the Plan Commission after the Public Hearing.

Village Attorney Paul Stephanides swore the applicant, Joe Segobiano of Lincoln Properties, into the Public Hearing. Mr. Segobiano stated that the modification is to extend the height from 135 feet to 140 feet. They are making good progress on the plans. However, while going through the process, they found issues that would increase the height of the building. The first is to have enough clearance to accommodate accessible van parking, which is an additional 14 inches. Also, if the proposed construction on Harlem moves forward, there will be a lower elevation on the corner of Harlem and South and the building will be set up to handle the new grade. In addition, they are looking to create 10 foot ceilings on their 12th floor to impact the feel of those units.

Mr. Segobiano and Village Manager Pavlicek answered questions from the Board. There were no questions or comments from the public.

It was moved by Village Trustee Button Ott, seconded by Village Trustee Brewer, to adjourn the Public Hearing. A voice vote was taken and the motion was approved.

Village Manager Pavlicek commented that Village Trustee Barber intends to join the meeting at 8:00 pursuant to the Board's Electronic Meeting Attendance Policy. She then gave a history of the 2017 Budget process.

Village Trustee Brewer thanked the Manager and the CFO for putting the document together in such a cohesive manner and asked if the projected revenue for 2017 is available for public viewing. CFO Steve Drazner replied that it is on the Village website.

Village Trustees Tucker, Salzman and Lueck also thanked Manager Pavlicek and CFO Drazner for their work. They also discussed initiating more intergovernmental cooperation regarding larger expenses and debt. Village Trustee Button Ott thanked staff and commended CFO Drazner for the transparency in the budget. On behalf of Village Trustee Barber, who would not be calling in, Village Trustee Brewer stated that he was not supportive of the proposed budget, as he wishes the Board would've been able to consider alternatives that wouldn't have resulted in as high of an increase in the tax rate.

AU. [MOT 16-135](#) A Motion to Designate Jupiter Realty Company, LLC (Jupiter) as the Preferred Developer for the Redevelopment of 710-728 Madison Street as Recommended by the Oak Park Economic Development Corporation (Oak Park EDC) and Direct Staff to Negotiate a Redevelopment Agreement with Jupiter

Chris Donovan. Mr. Donovan expressed concern that there has not been enough discussion with the public regarding the Madison Street road diet prior to choosing a preferred developer.

Marty Bernstein. Mr Bernstein expressed concern regarding the project as well and felt that the RFP timeframe should've been longer in order to attract more bidders.

Village President Ab-Taleb commented that a TIF was established in 1995 for development of Madison Street. It expires on December 31, 2018 and development has yet to be started. In his view, as well as others on the Board, the development of Madison Street is a big opportunity and they are thankful that people are looking at Oak Park to invest in. Transforming Madison Street into a place of vitality with shops and places to get together with friends, as well as becoming pedestrian and bicycle friendly, is a positive change that will attract more developers to the community. It is important that residents have an open mind and understand that this is part of a process. No papers are being signed this evening.

Village Manager Pavlicek stated that the Village owns the property at the northeast corner of Oak Park Avenue and Madison Street, within the Madison TIF District, which they currently lease for several purposes. This item will authorize staff to negotiate a Redevelopment Agreement with Jupiter Realty for the property, which will be brought back to the Board for approval. If approved, the preferred developer typically begins to invest funds in the Planned Development Application process, which is often referred to the Plan Commission for the Public Hearing process.

Director of Development Customer Services Tammie Grossman gave a history of meetings and discussions regarding the Madison streetscape and redevelopment projects. Due to the timing of the TIF, staff thought it was appropriate to issue the RFP for the Village owned parcel, which was released on September 16 with a due date of October 12. Both the straight street and bend options were included in the RFP. Two

proposals were received on October 12. The proposal from Jupiter Realty is recommended by the Oak Park Economic Development Corporation (OPEDC). She discussed next steps, which include conversations with the developer and bringing the Board a decision to move forward with either the bend or straight streetscape design, based on the engineering results. Also staff will be able to give the Board the actual costs associated with those two designs. Based on that decision and upon negotiations with the developer, staff anticipates a draft redevelopment agreement to be before the Board for review in the first quarter of 2017. If approved, the developer will begin architectural designs and submit a Planned Development Application followed by a series of hearings that would probably conclude in 2017. Both the project and the streetscape work is to begin in early 2018.

Executive Director of the OPEDC John Lynch discussed the layout of the development. He stated that both candidates attended a meeting with the OPEDC in November. The proposal from Hammersley Architecture was an architectural concept for land use but did not have a developer attached to it. He described the plan. The other proposal was from Jupiter, a very well qualified national developer who has done projects of significant scale across the country. The OPEDC is recommending them as the preferred developer.

Brian Hammersley of Hammersley Architecture discussed his positive experience with the OPEDC.

Jerry Ong of Jupiter Realty and architect Jim Lencioni introduced themselves. Mr. Ong spoke about his firm and their desire to create a development in Oak Park. He discussed why they are suggesting a bend in the street and that Madison Street will benefit from their project. Their venue will allow Oak Park to have another nucleus of business activity that will balance the community.

Village President Abu-Taleb discussed the many meetings that the OPEDC has held with Jupiter Realty. He noted that they have tied four parcels of land, which the Village has not been able to do in 15 years. It is important for the community to know that without the bend, they cannot develop both sides of the street. He noted that the TIF expires soon and also that the market is volatile in terms of bond rates. Madison Street needs to be developed and this opportunity should not be dismissed.

Village Trustee Salzman asked Ms. Grossman to describe the RFP process in this particular project. He then asked Village Attorney Paul Stephanides whether there is anything that does not conform with state law or TIF regulations by having discussions with a developer without an RFP. Mr. Stephanides said there is not and confirmed that this is the process municipalities follow in terms of municipal owned property.

Village Trustee Salzman asked Ms. Grossman why there was a four week timeframe for responses to the RFP. She stated that similar projects were given this same timeframe and noted that the RFP for the former Tasty Dog site produced 13 responses in four weeks. Ms. Grossman reiterated the next steps in the redevelopment process, discussed what will be included in the redevelopment agreement and the Public Hearing process, which will give residents within 500 feet an opportunity to weigh in on the project.

Ms. Grossman, Village Manager Pavlicek and Mr. Lencioni answered questions from the Board.

Village President Abu-Taleb expressed appreciation to the developer for investing in Oak Park.

It was moved by Village Trustee Brewer, seconded by Village Trustee Tucker, that this Motion be approved. The motion was approved. The roll call on the vote was as follows:

AYES: 6 - Village Trustee Salzman, Village President Abu-Taleb, Village Trustee Button Ott, Village Trustee Lueck, Village Trustee Brewer, and Village Trustee Tucker

NAYS: 0
