Installation

Remove components attached to front door panels and detach doors from hinges or slides; \$15,000.00
install new steel EMV door panels to hinges and door slides; reinstall all components onto each door panel; install new pre-programmed EMV contact chip readers to frames with new wiring harness; install new custom graphic panels to faces of the new door panels; install new EMV contactless NFC readers onto panel fronts; install new LPR cameras, Zebra scanners and controllers; install new barrier gate arms and necessary vehicle detector loops; install all new dedicated cable and connect all to the existing upgraded IP network; perform all system programming to accept new devices; test for satisfactory functionality and recommission each terminal; provide key personnel training.

Customer Responsibilities

- Provide and maintain a *managed* internet connection with a minimum up/down bandwidth of 50 mbps.
- Create a new merchant account with Payment Express (Windcave) with new merchant and terminal IDs for credit card processing.

Investment Summary

EMV Credit Card Gateway Equipment as described	\$60,640.00
Installation and Programming	\$15,000.00
Total	\$75,640.00

Optional Spare Equipment

- Spare Payment Express EMV Reader with open ID programming. \$ 2,700.00 each
- Spare Payment Express EMV Surface-mounted Credit Card Contactless Reader (NFC). \$ 525.00 each
- Two (2) 21" Dynamic Rate Displays at all payment terminal locations. \$ 3,600.00
- TIBA SPARK Management Control Overlay (cloud-based), \$600.00 per month prepaid \$ 4,200.00 annually based on a 5-year contract.

Terms, Conditions and Acceptance

Pricing described herein is valid for thirty (30) days. RevCon shall provide a two-year warranty on the PARCS devices and on our workmanship. **The existing Service Agreement will decrease to \$24,000.00 annually during the warranty period and a new Service Agreement will be offered prior to the end of the warranty period.** Work will be scheduled upon receipt of the deposit payment. Terms are as follows: **A deposit payment of \$41,000.00 plus 50% of any elected options is due at acceptance** per manufacturers' requirements; **a milestone payment of \$27,040.00 plus the balance of any elected options is due prior to equipment shipment** per manufacturers' requirements **with the balance of \$7,600.00 due at completion.**
